Office Action Summary

DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CAR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1, 30, 31, and 37-41, drawn to protein.

Group II, claim(s) 2, 20, and 21, drawn to nucleic acid.

Group III, claim(s) 22, 25, and 32, drawn to method of making protein.

Group IV, claim(s) 26-29, drawn to transgenic animal.

Group V, claim(s) 33-36, drawn to immunoassay.

2. The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: A preliminary search revealed that marker for diagnostic or prostatic hypertrophy in prostate of instant claim 41 belonging to Group I has been disclosed by Dillon et al (U.S. Patent 5,780,286) (July 14, 1998), whereas the priority date of the claimed invention is November 19, 1998. Therefore, the claims as listed above in Groups I-V lack the same or corresponding special technical features

3. A telephone call was made to Allen Yun on June 18, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CAR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CAR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CAR 1.48(b) and by the fee required under 37 CAR 1.17(I).
